flooring & decking

GATESHEAD COUNCIL

THE SAGE

Supply and installation of floor finishes

In Summary

- The supply and installation of bespoke Axminster designed carpet and sheet rubber flooring to the public areas, training/lecture studios & auditoriums
- Technical advisory and consultation for the refurbishment of the school training and lecture studios, band rehearsal and changing rooms, public circulation areas and front of house bars
- The acoustic properties required for the main auditoriums were taken into consideration and rubber flooring products chosen and installed within the public front of house toilets, back of house toilets and circulation corridors

Key Business Results

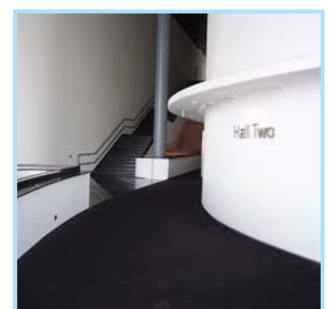

- Onshore engineering support for the design of a bespoke pattern and selection of carpet manufacturer for 3,000m²
- Comprehensive technical advisory service for the selection of rubber flooring for 1,500m²
- Project completed successfully within the programme.

Benefits

- Multi disciplined/skilled personnel conducted full operation
- Cost effective solution
